

What are Stack Checking monthly qualification cycles?

The qualification cycle is defined as a period beginning on the last day of the prior calendar month and ending on the next-to-last day of the calendar month.

To qualify for your Stack Checking account rewards, all of your account's **qualifying transactions** must post and settle to your specific Stack Checking account within the monthly qualification cycle dates stated below.

What qualifying transactions do I need to make each month to receive my rewards?

This varies by account type. Please refer to your account's Truth In Savings disclosure for your account's specific qualification requirements.

Are Stack Checking monthly qualification cycles the same as my checking account statement cycles?

Stack Checking monthly qualification cycle dates are **not** the same as the statement cycle dates for your checking account. Each monthly checking account statement cycle begins on the first day and ends on the last day of that month. We've included your checking account statement cycle dates below for reference.

More things to keep in mind:

- Account transactions and activities may take one or more days to post and settle to the account and all must do so during the monthly qualification cycle in order to qualify for your account's rewards.
- Transactions bundled together by merchants and received by our institution as a single transaction count as a single transaction for the purpose of earning your account's rewards.

Future monthly qualification cycle and statement cycle dates for our Stack Checking accounts will be available to you on pelicancu.com or through one of our Pelican member service representatives by phone or in-branch.

If you have any questions at all about Stack Checking monthly qualification cycles or the specific qualifications for your checking account, please do not hesitate to contact us by calling 1-800-351-4877 or chatting with a representative at pelicancu.com.
